Health Service Department

Parent Authorization for Diabetes Care at School

Information to Parents: The health and safety of each student is always of paramount importance to every WISD employee. The district is committed to providing a high level of care to meet the special medical needs of students. To help carryout that commitment, WISD ensures that a Registered Nurse is on staff. The 79th Texas Legislature, through House Bill 984, amended the Health and Safety Code to provide more specific requirements for the provision of diabetes management and care services to students in public schools who seek care for the student's diabetes while at school. The school, in conjunction with the parent, will develop for each student who seeks care for diabetes at school an Individualized Health Plan that will specify the diabetes management and care services to students in public schools who seek care for the student's diabetes while at school. Traditionally, the school nurse has provided any medical care students might require at school. Under HB 984, each school also must train other employees to serve as Unlicensed Diabetes Care Assistants who can provide diabetes management care services, if a nurse is not available when a student needs services. Such services include the administration of insulin or in an emergency, glucagon (if prescription medication is provided to school). WISD has trained staff to provide such services. HB 984 further specifies that an Unlicensed Diabetes Care Assistant exercises his or her judgment and discretion in providing diabetes care services and that nothing in the statute limits the immunity from liability afforded to employees under section 22.0511 of the Texas Education Code.

Under HB 984, an Unlicensed Diabetes Care Assistant may administer diabetes care and management services if the student's parent/guardian authorizes an Unlicensed Diabetes Care Assistant to assist the student and confirms his or her understanding that an Unlicensed Diabetes Care Assistant is immune from liability for civil damages under section 22.0511 of the Texas Education Code.

Please check the appropriate boxes to indicate your selection whether to allow:

1. An Unlicensed Diabetes Care Assistant to provide services to your child;
2. Self-care; 3. Disclosure of your child's condition:

- Yes** Agreement for Services: I authorize an Unlicensed Diabetes Care Assistant to provide diabetes management and care services to my child at school. I understand that an Unlicensed Diabetes Care Assistant is immune from liability for civil damages under section 22.0511 of the Texas Education Code.
1. **No** I DO NOT authorize a Unlicensed Diabetic Care Assistant to provide diabetes management and care services to my child at school.
2. **Yes** I have reviewed the attached guidelines and procedures for Independent Diabetes Monitoring and Treatment by a Student; and feel that my child can manage his/her diabetes independently. I request that my child posses his/her supplies and equipment necessary for monitoring and caring for his/her diabetes during school hours or at a school related event or activity. I understand that the school district and employees are not liable for any adverse events that occur as a result of independent monitoring, treatment, and management of equipment, especially the handling, containment and disposal of sharps.
3. **Yes** I request that my child's classmates be informed that my child has diabetes, and given age-appropriate instruction regarding diabetes care, so that they understand the importance of symptoms and the type of intervention that may occur in the classroom.
