September 15, 2020

Dear WHS Parent/Guardian,

In keeping with Weimar ISD's practices to respond to COVID-19, we are notifying all WHS student families that a student is lab-confirmed to have COVID-19 and was last present on the campus of Weimar High School on September 11th. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her.

We are working closely with the local health authority on this matter. After careful review, we have contacted all persons who may have come into close contact with student(s). Operations at WHS will continue as usual and it will be deep cleaned and sanitized. We will keep you apprised of further updates.

We ask that you, as always, watch for symptoms of COVID-19.

**Any of the following symptoms indicate a possible COVID-19 infection:**

- Temperature of 100.0 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain;
- New onset of severe headache, especially with a fever.
- Lost sense of taste/smell

If you or your student or any member of the WHS community begins experiencing any of these symptoms in a way that is not typical, we encourage you to contact your physician. We encourage anyone in the WHS community who is lab-confirmed to have COVID-19 to please notify our school by contacting (979) 725-9504.

If you have any questions or concerns, please reach out to the Superintendent at 979-725-6306 or visit our website at [www.weimarisd.org](http://www.weimarisd.org) .

Sincerely,

Jon Wunderlich  
Superintendent
